3. Journey in a Train – Trip to Sigiriya (400 words)

Last year, I went on a trip to Sigiriya. I went with my friends and family. We went by train from Colombo to Habarana. It was a great experience.

We woke up early in the morning and went to the railway station. The train came at 6:30 a.m. It was a long train with many people. We got good seats next to the window. The train started slowly and then became faster.

I really enjoyed looking out the window. I saw green trees, paddy fields, rivers, and small villages. Some children waved at the train. The view was beautiful. We talked, laughed, and ate snacks during the trip. The train stopped at many small stations, and more people got in.

After a few hours, we reached Habarana station. From there, we took a small van and went to Sigiriya Rock. When I saw Sigiriya, I was very happy. It was big and very tall. We started to climb the rock step by step. There were lots of stairs, but we took breaks and drank water.

While climbing, we saw paintings, mirror walls, and beautiful views. When we reached the top, we were so happy. The view was amazing. We took photos and stayed there for some time. I felt proud to be in a place with so much history.

After coming down, we had lunch and rested. Then we came back to the station and returned to Colombo by train. This trip was one of my best memories. I enjoyed the train ride, the views, the climb, and spending time with my loved ones.

I will never forget my journey to Sigiriya. I want to go again someday.
